Hi Jenny,

The managers meet by themselves.

Originally I had legal/managerial/technical team meetings and I need to check on whether

Hi Jayne – it looks pretty good to me. The only question I had was the difference between the last two sub-bullets. And maybe it should be managerial/legal/technical team. Thanks! - Jenny

- Managerial team (biweekly during October and November): to provide programmatic guidance to technical team and weigh in on critical decision points.
- Managerial/Technical team: (biweekly during October and November)

Hi Don & Jenny,

Although I requested review by November 13, can you review today so I can pass this on to Lynda (and the others on the managers & legal team) before Lynda goes off to the NPS conference?
See below for revised draft on bimonthly status report to NWEA. This version reflects Allison's comments, as well as a few changes I made.
Please review and provide comments. Then I'll forward to our management and legal teams for review.

Per our earlier commitment to you, an update on our progress towards making a decision on the approvability of Oregon's Coastal Nonpoint Program is provided below. Since our report on September 30, NOAA and EPA have:

- Held regular meetings of various teams to continue inter-agency discussions on Oregon's program in consideration of the public comments received and the State's response. Issues discussed included: new development, OSDS,

forestry-landslides, forestry-pesticides, forestry-riparian, forestry-roads, and agriculture:

- Topic team (weekly or more frequently): to discuss public comments, state submission, and potential responses to comments and changes needed to proposed decision rationales.
 - Technical team (weekly): to share progress of topic teams, get feedback from full technical team, identify specific legal questions or decision points for legal and management teams, respectively, and ensure coordination among topic teams.
 - Managerial team (biweekly during October and November): to provide programmatic guidance to technical team and weigh in on critical decision points.
 - Managerial/Technical team: (biweekly during October and November)
- Drafted responses to all summary comments and revised all decision rationales.
 - Drafted a Federal Register Notice to announce our decision.
 - Prepared and scheduled briefings for upper management in both agencies.

We believe we are on schedule to meet our January 30, 2015, decision deadline. If you have any questions, feel free to contact me via email or at 206-553-1906 or Joelle Gore at joelle.gore@noaa.gov or 301-563-1177.
